

Request from Chief Executive Motorsport Ireland

In our drive to recognise the broader motorsport community and significantly increase our strength I'd ask you to encourage all your club members, families and friends and community to register for MI membership.

MI-membership is a new initiative from Motorsport Ireland that will offer consumer benefits to the wider motorsport community. Think of all the people who have supported your passion and helped you to compete or run your event; now you can give them something back!

For just €10 per person you can nominate two of those people when applying for your 2019 licence. 2019 Motorsport Ireland licence holders will automatically become a member for free. Alternatively direct application and for more details, participating outlets and additional membership forms, please visit

www.motorsportireland.com/membership

There's strength in numbers!

Thank you.

Leo

Chief Executive, Motorsport Ireland, 34 Dawson Street, Dublin 2, Ireland
